FYI. Let me know if you don't have the two comment letters already; I can't remember if I sent them both to you previously.

Subject: Comments for Discussion in Tomorrow's Call

We would like to discuss the following comments during tomorrow's call

EPA General Comments 32, 33, and 43
EPA Additional Comment 50
MDNR Comments 6, 10, 51, 82, 83, 85, 121 and 136

Some of these are not strictly risk assessment comments but were comments that during one of our prior calls we determined that we wanted to discuss further with the risk assessors. There may be a few others of a similar nature once I go back through my notes from the prior calls.
